

TIMELINE

PRE-SURGICAL

- Consult with surgical specialists at WISE
- 3D Cone Beam Evaluation of Bone with Surgical Specialist- Dr. Walsh.
- Review all medical conditions, coordination with your medical doctor prior to surgery if needed. Please provide their contact information to WISE to coordinate care. Medical conditions that need to be addressed include Diabetes, Heart Conditions, High Blood Pressure, Joint Replacements, Seizure Disorders, Lung, Kidney or Liver Disease, etc....
- Consult with Restorative Dentist to arrange restorative phase. Impressions are needed 3 weeks before surgery.
- Schedule surgery and pay deposit
- Laboratory Tech and Restorative Dentist will work together to design temporary teeth. (This may be more than one appointment)

SURGICAL

- Refer to Pre-Operative Instructions -Do Not Eat, Drink. or Smoke 8 hours prior
- Please bring all medications with you for your surgical appointment (insulin for diabetics)
- For an added prevention against infection please brush your teeth 3-4 times, swish with mouthwash of your choice.
- Be prepared to pay your final payment the day of surgery. We ask that all financial questions be addressed prior to your surgery date. (refer to Initial exam and financial arrangement page)
- Plan to be with us 4-6 hours for the procedure.

POST-SURGICAL

- 2 days post-surgical appointment with Restorative Dentist to check your bite and check on your healing process.
- 2 weeks post-surgical, follow up with Dr. Walsh to evaluate healing process and examine implants.
- 1-2 month follow up with Dr. Walsh to evaluate progress.
- 4-6 month after surgery, follow up with Dr. Walsh for release to schedule with Restorative Dentist

RESTORATIVE PHASE

- Appointment with Restorative Dentist for impressions for Final Bridge design.
- 3-4 weeks later, appointment with Restorative Dentist for Wax try in to finalize for lab work
- 3-4 weeks later, when lab work is complete, schedule placement of bridge with Restorative Dentist
- Regular check ups with Restorative Dentist for hygiene and maintenance with Restorative Dentist
